

LOAD CELLS AND PRECISION WEIGHING SYSTEMS – INDICATORS

weilo-02

Weilotech Industrial Weighing and Load Cell Systems

**PRODUCT DESCRIPTION**

WEILOTECH develops precision weighing technologies, ranging from load cell systems – the heart of industrial weighing – to complete weighing solutions. Designed with a focus on high accuracy, repeatability and durability in demanding industrial environments, its products ensure reliable measurement in dosing, filling, packaging and process control lines. Alvetra Global Solutions supplies WEILOTECH equipment to international industrial organisations and system integrators.
